

Got Mitzvah?

Congregation Beth Ahabah • Sunday, May 2, 2010

This year, Mitzvah Day will be on Sunday, May 2, 2010. Mitzvah Day is a Congregation-wide, one day event that gives our members another opportunity to make a difference in our community. Historically, the religious school projects and involvement have been excellent and we look forward to another rewarding day. This year, in addition to the great events for the children there will be a variety of rewarding, engaging opportunities for members 16 and older. We would like your help in identifying the types of activities YOU would personally want to do. We are looking for give back opportunities that will motivate people (adults) to step up for a few hours on a Spring Sunday morning.

Please share your ideas and a few hours of your time. You really can make a difference!

Creativity is welcome and all ideas will be considered. Thanks for your help!
